

From the President's desk

It is with great sadness and abundant gratitude that we say goodbye to Ms. Nelson as Journal editor and Managing Editor of the GSHA Nuestras Raices journal. We are all in debt to her dedication to GSHA for these many years as editor and numerous other positions that Ms. Nelson has contributed her time and effort in making GSHA an outstanding organization during her tenure.

We wish her the best in the future and hope her health improves. On a personal note, I thank Ms. Nelson for her advice and friendship over these many years. Donie, Thank You and enjoy a well-deserved respite from the long hours of publishing our journal. Thank you also for having our journal accepted as part of the Library of Congress library, this is a lasting memorial for GSHA's legacy and your legacy as GSHA Editor.

Take care, you will always be remembered for your contributions and dedication on behalf of GSHA.

Bob Criag

GSHA President
