

Volunteer Information

- Since 1988, GSHA and its Chapters have been run by volunteers. To be able to enjoy all our Society has to offer, everyone is encouraged to contribute in any way possible.
- We can teach you how to do conference planning, serve in any board position, study parliamentary procedure, take minutes and much more. Just let us know you're ready to begin learning now!
- The board of directors always welcomes your comments, attendance at board meetings and assistance with the many jobs required to keep our organization running strong.
- Even if you don't live in an area where one of our Chapters is located, we would like to talk with you about how you can help.
- Get started now by checking all the items you have experience in or an interest in learning:
